## Weekly Bulletin - 12.05.2023

### Year 6

**This week is all about this fantastic group of wonderful children!**

We could not be any prouder of our Year 6 children this week. They approached each of their SATs test in a calm, relaxed and determined manner and stayed smiling throughout. They have worked so hard this year which, at times, they have found really tricky, but they have never given up. And regardless of the number that is written on the bottom of their test papers in July, they have smashed it and there is nothing that could make us any prouder than we are right now!

We hope that you enjoy the bowling trip that you have planned, and we know that when you return back into school on Monday you will do so with the same determination you have shown all year!

### PE Kit

As the weather starts getting warmer, please ensure that your child has a pair of black PE shorts in their PE Kit bag.

We still have children who are not wearing the correct kit for PE. All children have been asked to take their PE kit bags home with them today. Please can we request that you check their PE kit bags and ensure the kit they have adheres to our PE uniform. Click [HERE](#) to check what the PE kit expectation is in school. PE kits should be returned to school next week to enable children to participate in their PE lessons.

### Warmer Weather

At last, the warmer weather is starting to arrive. Please can we ask, that you send your children to school with a sunhat and plenty of water. If you could also apply sun cream to children before they come to school, it will ensure that they are protected from the sun should it make an appearance whilst they are out playing.
